1. DEFINITIONS

1.1 **Carryover**: shall mean that a pool or a portion of a pool has no winning combinations and the net pool is carried forward to be added to a pool(s) at the operator’s discretion.

1.2 **Maxipool or Megapool**: shall mean the amalgamation of various Carryovers into a single pool.

1.3 **Jackpot Quickmix**: shall mean a Jackpot (Pick 4) event across various events or races.

1.4 **Pa Blitz**: shall mean a Place Accumulator event across various events or races.

1.5 **Bipot Express**: shall mean a Bipot event across various events or races.

2. GENERAL

2.1 TAB payouts for all bets on all races in South Africa are based solely on the official result declared following the National Horseracing Authority "All Clear" for a race. Any subsequent change to a result by the National Horseracing Authority, the body responsible for controlling horseracing, is for statistical and record purposes only and is disregarded in terms of TAB payouts.

2.2 No pools are commingled in races with more than 30 runners. In such races TAB operates its own pools and TAB rules apply with 4 places paid. In such races all runners with saddlecloth number 30 and higher shall be bracketed as Number 30. As such Number 30 can only qualify once for result and dividend purposes.

2.3 TAB follows the same policy for all races run outside South Africa's borders. If pools are commingled, TAB will follow the application of this rule as determined by the host operator.

2.4 In the event that a runner is scratched in error by the host operator, and if a ‘field’ bet is taken during the time frame that the runner is scratched, thereby omitting the scratched runner, customers will be compensated by a refund, providing the scratched runner is part of the winning combination and the customer completes a claim form.

3. EQUIPMENT FAILURE

3.1 In the event of breakdown in any equipment, device or means of communication employed by the operator for processing bets, the operator may declare the favourite for the race (based on the dividends at the time of such failure) and such dividend or refund as may be appropriate in the circumstances having regard to the information available. The customer shall not have any claim of any nature against operator and/or any of its employees arising from a failure to accept bets because of delays caused by a breakdown in the telephone system and/or other telecommunication system for whatever reason.

3.2 Bets can only be accepted while the approved wagering system is operative.

3.3 Should the Pick 6 / Pick 4 commingled pools progressive scans from guest systems not be transmitted to the host operator, due to technical equipment failure, and thus preventing the host operator from declaring remaining tickets, will-pays or dividends, the host operator has the option to exclude the pool total from the guest system concerned, thereby, decreasing the final pool total at the close of betting on the Pick 6 and/or Pick 4 pool.

3.4 Should data communications be interrupted to the host operator, due to technical equipment failure or any other reason the following will apply:
3.4.1 Where a combination of local and commingled pools are offered on a race - host operator dividends and rules will be applied for the current race and thereafter all commingled pools will be switched to ‘local’ pools, thereby declaring TAB results and dividends as well as applying TAB local rules.

3.4.2 Where only commingled pools are offered on a race – commingled pools will be refunded.
